

Feedback

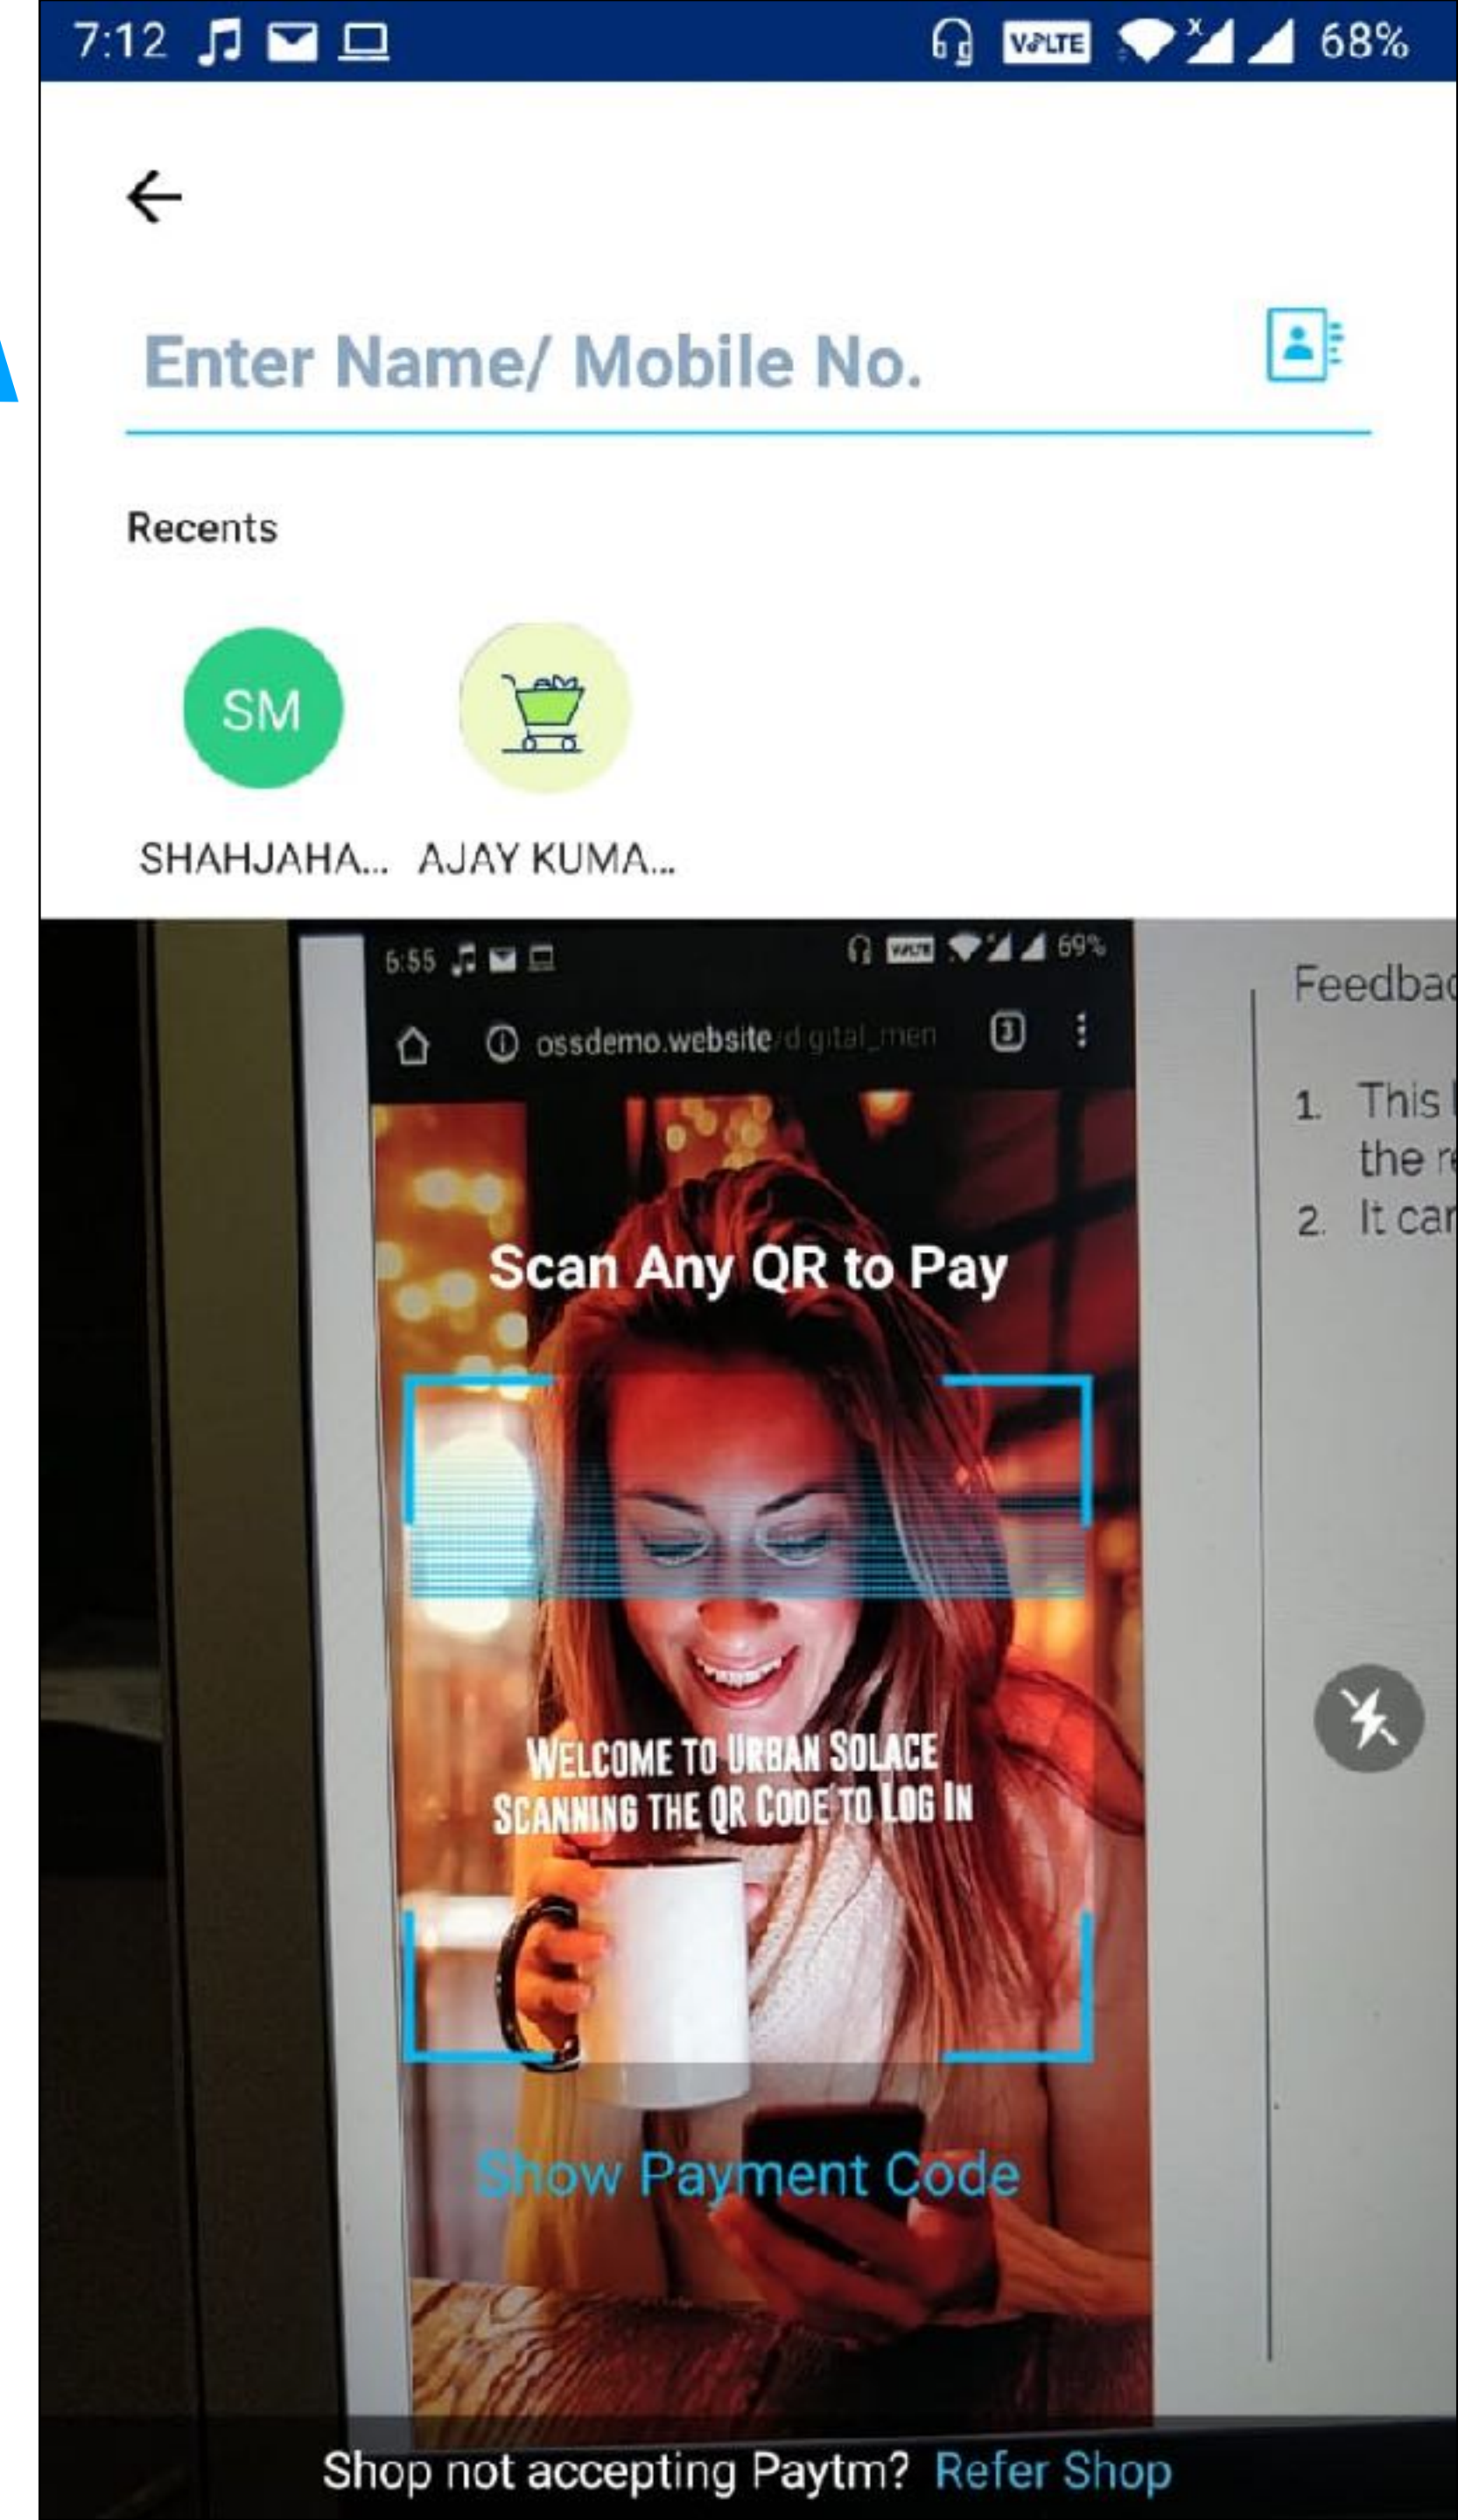

1. It cannot start with "Get Table Number". It has to scan a QR code
2. When the site loads it has to have some branded content / landing page

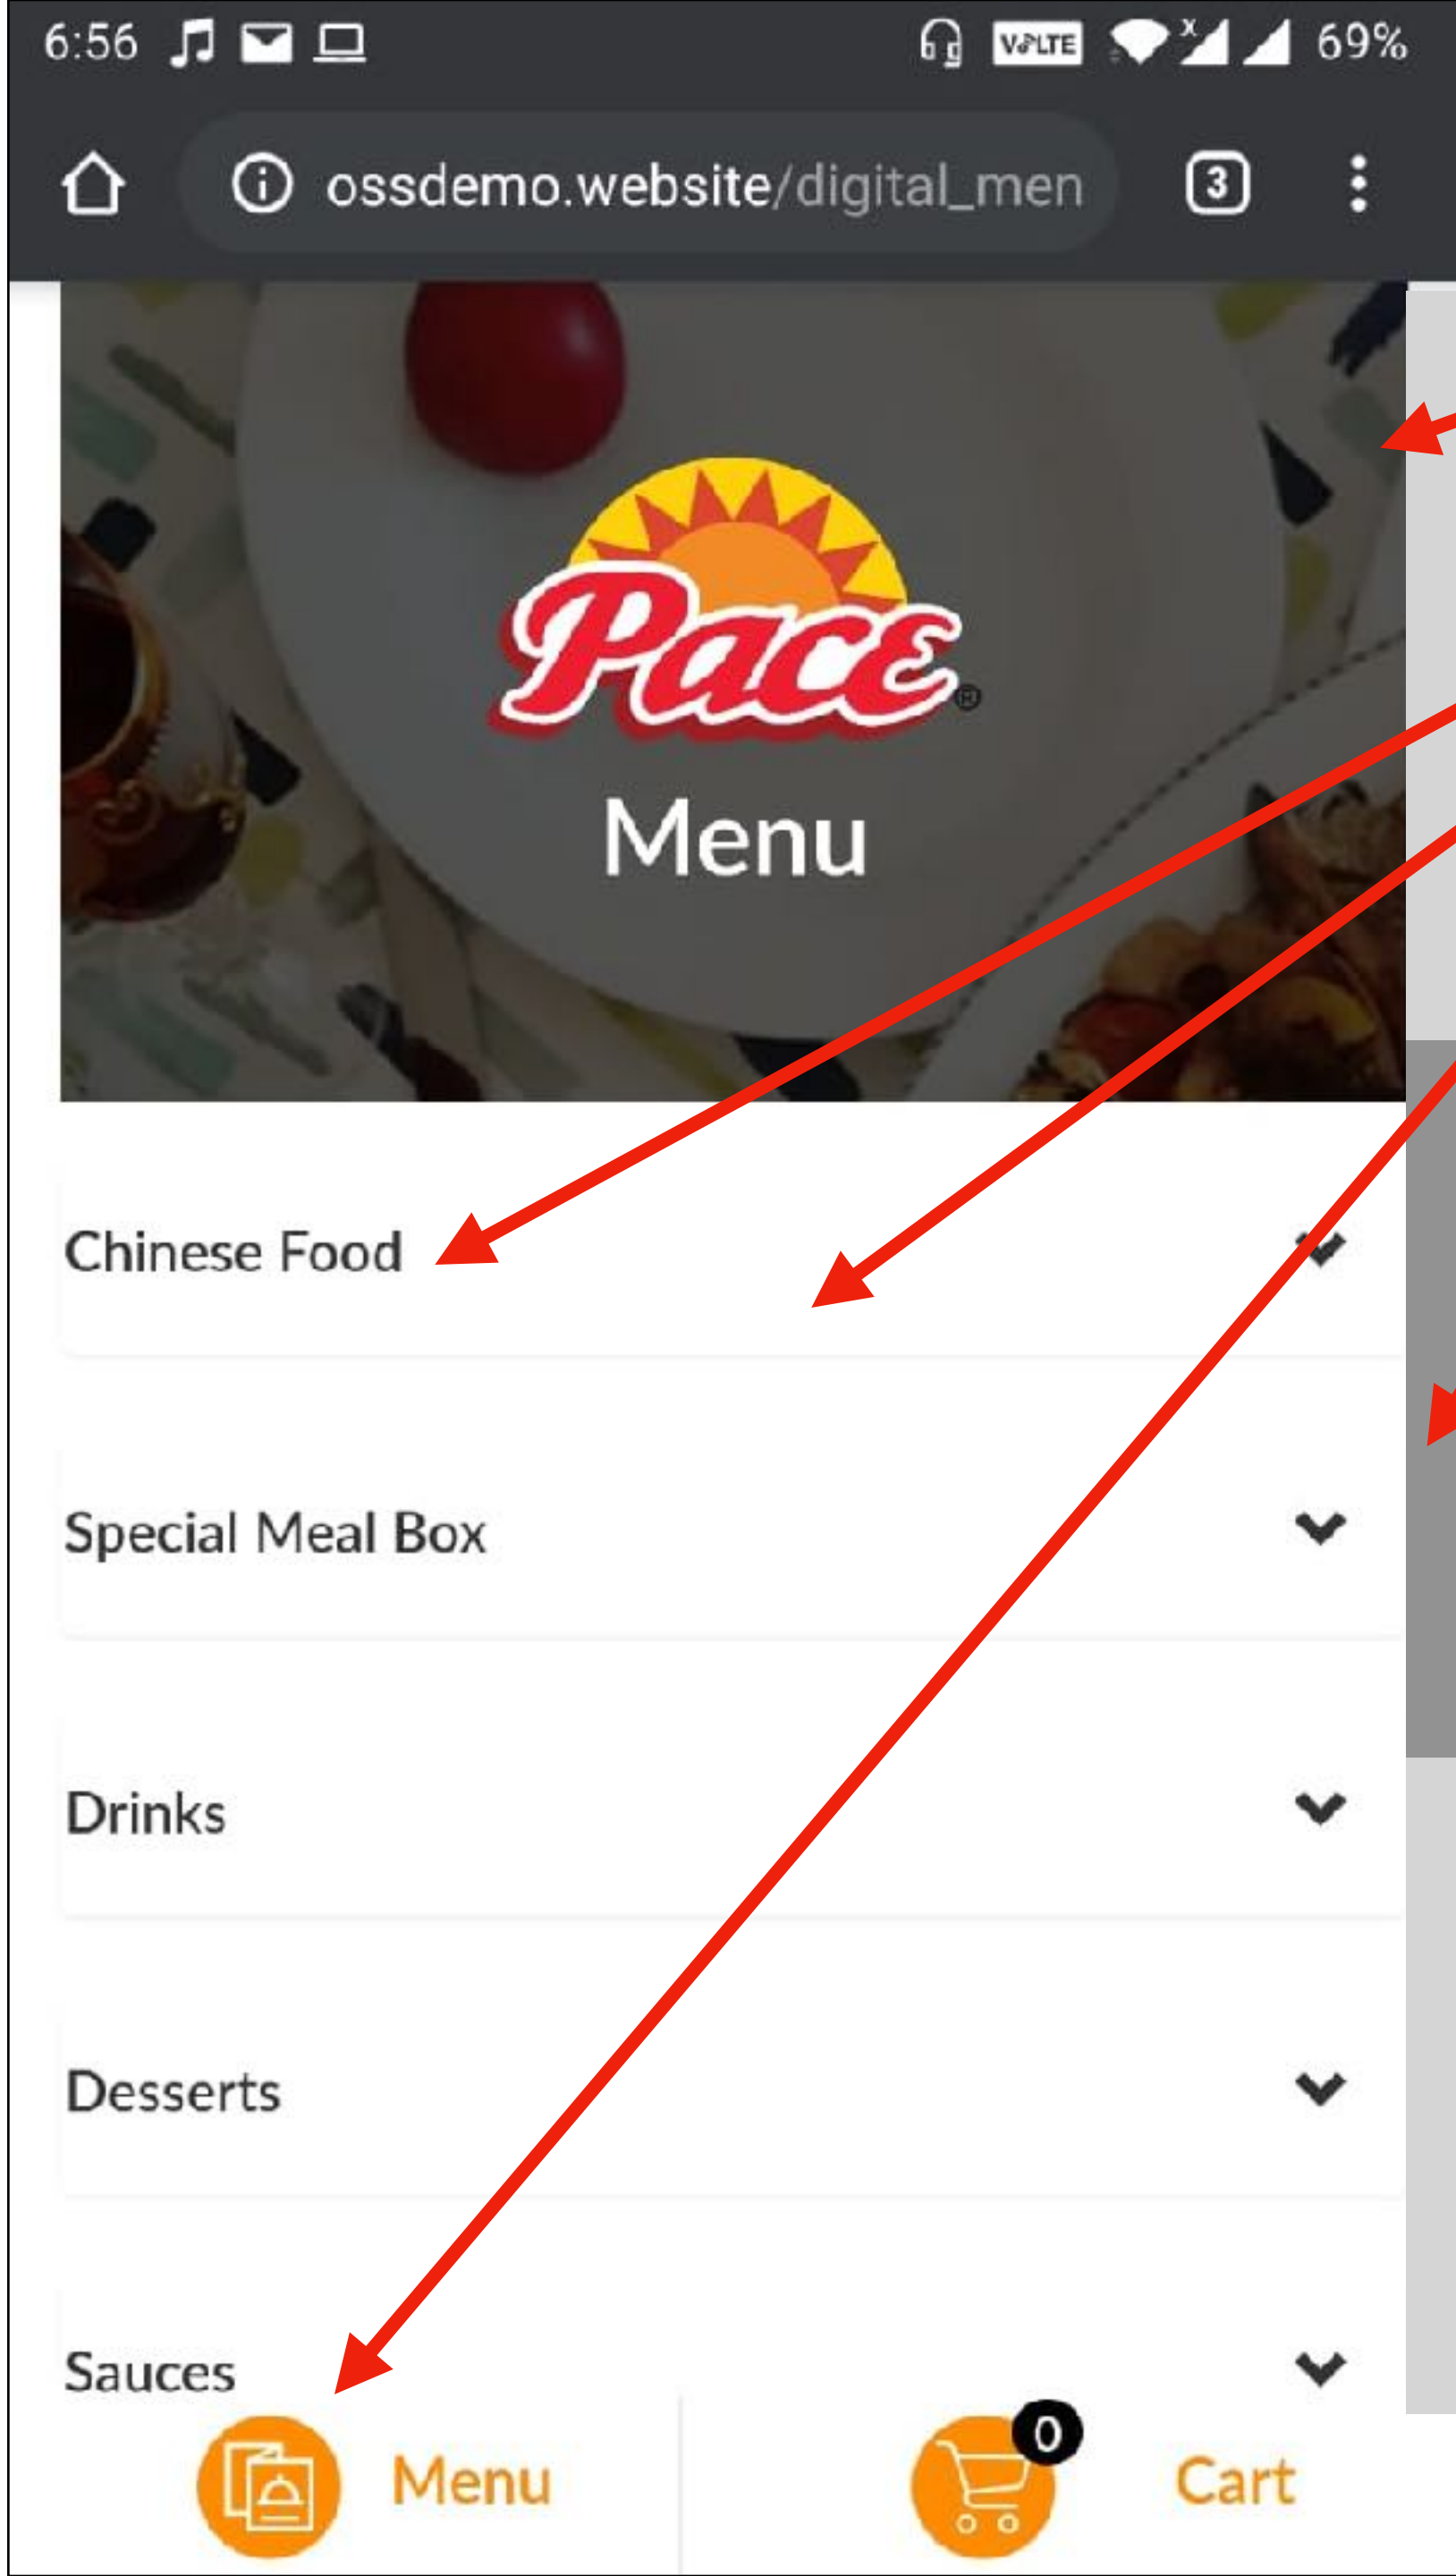

"Welcome to Urban Solace."

Feedback

1. Image needs to change. Cannot have PACE Menu. (Its a horrible logo even to use as a demo)
2. Please use the menu reference given
3. The menu should be compressed not open like it currently is.
4. What is the purpose of the Menu icon ? Currently it does not do anything
5. Needs to show that there is a scroll down so people know that there is more to choose from.
